Superior "REDTOP" Solid Rubber Type

Manufactured by THE SUPERIOR TYPE COMPANY

A DECIDED
IMPROVEMENT
OVER ALL
PREVIOUS
MAKES OF
SOLID
RUBBER
TYPE

"REDTOP" type is made of the same accuracy as our well known SUPERIOR type but also has the printing results of a rubber stamp as the printing face of its characters are of a high grade of Rubber Stamp Rubber compounded so that the lower part, or body, of the type (which is of the same quality as formerly used in making the entire character) is so affixed in the vulcanizing process that separation of the two grades of rubber is impossible.

This result was obtained after more than sixteen years of experimenting and is the greatest improvement in Solid Rubber Type ever accomplished.

Beware of imitators who may attempt to market a type of similar appearance. It is not difficult to duplicate the general appearance of our "REDTOP" SOLID RUBBER TYPE, but to secure the correct rubber stamp resiliency to the printing faces of the type, and to vulcanize the two grades of rubber so that both are properly cured and inseparable, may require years of patient experimenting with the probability of ultimate failure at the finish.

Insist on "REDTOP" SOLID RUBBER TYPE
which is protected by our TRADE - MARK
AND LABEL as illustrated above.

INDEX

INDEX

THE FOLLOWING REDTOP TYPE FONTS THAT CAN BE
MADE TO SPECIAL ORDER ONLY

[illegible]

SUPERIOR'S "VERYBEST REDTOP" RUBBER TYPE OUTFITS

Manufactured by THE SUPERIOR TYPE COMPANY

EVERY OFFICE should have one or more of these outfits for it is often convenient to have a Rubber Stamp sooner than is possible to procure it from the STAMP MAKER.

With this Rubber Type very Satisfactory Stamps can be made immediately.

THIS IS OUR MOST POPULAR LINE OF TYPE

'REDTOP' type is made of the same accuracy as our well known SUPERIOR type but also has the printing results of a rubber stamp as the printing face of its characters are of a high grade Rubber Stamp Rubber compounded so that the lower part, or body of the type (which is of the same quality as formerly used in making the entire character) is so affixed in the vulcanizing process that separation of the two grades of rubber is impossible.

This result was obtained after more than sixteen years of experimenting and is the greatest improvement in Solid Rubber Type ever accomplished.

Beware of imitators who may attempt to market a type of similar appearance. It is not difficult to duplicate the general appearance of our "REDTOP" SOLID RUBBER TYPE, but to secure the correct rubber stamp resiliency to the printing faces of the type, and to vulcanize the two grades of rubber so that both are properly cured and inseparable, may require years of patient experimenting with the probability of ultimate failure at the finish.

Insist on "REDTOP" SOLID RUBBER TYPE
Which is protected by our TRADE-MARK
AND LABEL as illustrated above.

*The Superior Type Holder
for Solid Rubber Type is
all that its name implies.
The Best for this purpose*

OUR
New Metal Holder
for Solid Rubber Type.
The Best

The SUPERIOR HOLDER is made of hard wood carefully seasoned in which grooves are cut. In these grooves is placed specially designed partitions made from heavy metal

The ALL METAL HOLDER is made of a metal pocket or channel securely attached to a rigid metal back.

No.	Each	No.	Each	No.	Each	No.	Each	No.	Each	No.	Each

Post Card size, 14, 18 or 24 point only, long way \$2.10

Post Card size, 4, 18 or 24 point only, long way	2.24
Post Card size, 14, 18 or 24 point only, short way	2.84

All of above holders have our regular Superior Tin Partitions.

An extra charge is made if other sizes of partitions or grooves are ordered.

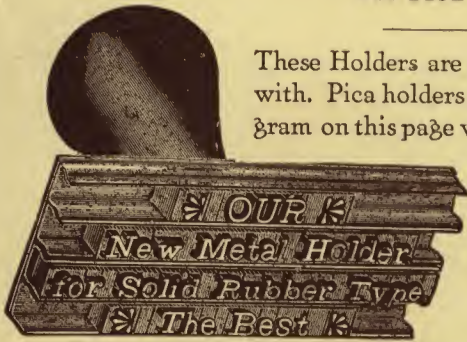

ALL METAL HOLDERS can NOT be made in any other sizes than shown on diagram
SUPERIOR HOLDERS can be made in almost any size required

SPECIAL QUOTATION HOLDERS such as used by Grain and Commission Merchants, etc., in sending out daily quotations with changeable logotypes. Prices on same are regulated according to the amount of material and labor performed on each holder.

See diagram of TYPE HOLDERS on pages 17 and 18

Rubber Type Holders

For Pica Type Only

These Holders are made in metal only as shown in cut herewith. Pica holders of different sizes from those shown in diagram on this page would be special and must be made to order.

To avoid confusion with other type holders, we have added one hundred to each number shown in diagram below.

Commercial Printing Presses

Especially Adapted for Printing

Statements, Note Heads, Tickets, Envelopes, Cards, Shipping Tags, Circular Letters, Post Cards, Addresses, Price Lists, Quotations, Etc.

These presses present the most perfect devices for printing with rubber stamps or solid rubber type. The action consists in the simple movement of the handle from the ink pad to the paper. The durable construction (without springs of any kind), and simplicity of action insures good work. A suitable gauge for guiding the paper is furnished so that one can always print in the exact spot each time.

Each Press is packed in a wooden box with a supply of nickel-plated clamps, ink pad and ink distributor

SIZE OF INK PADS

No. 3— $4\frac{1}{8}$ x $6\frac{1}{8}$
Price \$8.50

No. 4— $4\frac{1}{8}$ x $8\frac{3}{8}$
Price \$9.50

No. 5— $5\frac{3}{4}$ x $10\frac{3}{16}$
Price \$14.00

No. 6— $6\frac{3}{4}$ x $9\frac{3}{4}$
Price \$18.00

Superior Office Printing Outfits

Manufactured by THE SUPERIOR TYPE COMPANY

The only difference between these outfits and our "VERYBEST" outfits is that this line has but one Type holder and the box is of cardboard while our "VERYBEST" line contains two Type Holders and has attractive wood boxes covered with grained paper. Each outfit contains one of our patented Superior Type Holders, a pair of good tweezers and a good self-inking pad.

The same grade of rubber is used in this type as that in our regular Superior "REDTOP" Solid Rubber Type and the same standard of height is maintained, viz.; 11/32 inch.

These Printing Outfits should not be confused with the cheaper quality of outfits that are on the market as WE GUARANTEE THE SUPERIOR OFFICE PRINTING OUTFITS PERFECT IN EVERY DETAIL.

Cooke's Rotary Pocket Dater

No. 22

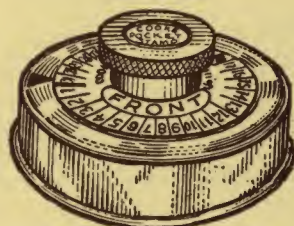

Price \$4.00

Specimen Impression

Pocket Stamp

Price \$4.00

This is a very convenient POCKET DATING STAMP as the date is CHANGED DAILY without resorting to a box of type dates as is necessary with other pocket dating stamps. On the first day of each month and year a change is made in the type date line in center of stamp.

The new No. 22 COOKE ROTARY HAND DATER has the same size die as specimen impression shown above and is of similar mechanical construction.

The Handy Type Case

The above engraving shows the exact arrangement of The Handy Type Case—one-third actual size. It is made very strong and light. The case when not in use slips into a neat, cloth-covered box, which prevents the type from being disarranged or lost.

On the top of each partition is printed the letter or characters which are contained in the compartments beneath. With this case type can be set or distributed in one-quarter the time it takes to do it when using the ordinary grooved type box.

All who are using solid rubber type will appreciate the usefulness of this convenient and time saving device.

PRICE \$1.25

SOLID RUBBER TYPE

Letters, Figures and Solid Words

Any letters, figures or solid logotypes of words or sentences can be made to order to match any style of faces shown in this book.

The nature of this work requires at least 48 hours after order is received by us before shipment or delivery can be made.

This class of work is priced on the lineal inch measurement and is considerably higher than a comparative pro rata price on regular fonts.

SPECIAL TO ORDER
Superior "REDTOP" Solid Rubber Type
 Manufactured by THE SUPERIOR TYPE COMPANY

STYLES SHOWN ON THIS AND THE FOLLOWING PAGES ARE
MADE TO ORDER ONLY
 and are illustrated to show the variety that can be had if desired.
 The demand for these styles does not justify making them as regular stock items.
